The Shoreland Program Outreach staff is available to provide PowerPoint presentations on the Changes to the Comprehensive Shoreland Protection Act (CSPA). In an effort to maximize our resources, it is always helpful when organizations collaborate or partner with other organizations when sponsoring presentations. This usually brings diverse interests and many more people to the event. **To schedule a presentation, please contact: Jay Aube, Shoreland Protection Specialist at (603) 271-8176 or jason.aube@des.nh.gov**
